SUBJECT.

Military roads in the Jo Su State transferred to the Municipal Commissn -

A.74

The exclusion from the list of Military roads transferred to the municipal Commissn of the Jo Su State, of a portion of Miller's road lying within the limits of the said State, and referred to in H.E.H.'s letter No. 1399 of 28th Feb: 1909, has now been sanctioned by the Govt of India in Army Deptt letter

A.81 H. No. 209 E dated the 7th July 1909 -

2. In paragraph 2 of the Army Deptt

A.81 H letter of the 7th July 1909, it is stated that the annual contribution to be paid to the municipality in a/c of the maintenance of the Military roads will henceforward be ₹ 10,440/- instead of ₹ 10,780/- as sanctioned in Military ~~Deptt~~ Supply Deptt letter

letter N. 187-M-W-7 the 17th January 1908. | 1.68 A.
This statement is not clear and needs
elucidation.

3. It would appear that prior to the
arrangement sanctioned in the Govt of India
letter of the 17 January 1908 ~~the~~ the military
authorities contributed to the municipality
an annual sum of Rs 10,780/- for the
upkeep of Cantonment roads (19¼ miles nearly) | Sec. 68(a)
at Rs 560 per mile. The arrangement | Sec. 65(c)
sanctioned in January 1908 consisted | Cl. 48.
in the permanent transfer to the municipality
of the military roads which were then
classified & included a length of 22 3/8 miles | Sl. 65(b)
for a fixed annual contribution of
Rs 10780 the amount that was formerly
paid in respect of a length of 19¼ miles.
It has since been discovered that there
was an error in classification of the
military roads & the length of these roads
has been reduced by 3710 feet - Apparently | 1.74
the reduction of Rs 340/- in the contribution
is due to this decrease of 3710 feet in the
length of the military roads, but it is not
clear

Margin for binding not to be written on.

clear how the sum of ₹ 340/- has been arrived at. If the contribution has been fixed under the arrangement, it does not seem fair that any recoveries in the contribution should be made for the emplacements made recovering of 3710 feet of length in the military roads having regard to the fact that while the municipality were paid under the old arrangement a sum of ₹ 10,780/- per annum for a length of 19¼ miles, they had agreed to maintain a length of 22½ miles for the same amount of contribution under the new arrangement.

4. Before the municipal communications are addressed on the subject, a copy of the Army Department letter of the 7th July 1909 may, if approved, be forwarded to the A.C.R.-G., Bangalore, with a request that the Resident may be informed how the sum of ₹ 10,440/- mentioned in para-

Sir,

Rs 10,280 was the amount of contribution for fixed by the S. of S. for the maintenance of 118,217 ft. of metal as road the length of these roads having been reduced by 3718 ft., the amount of contribution has proportionately been reduced by Rs 340. in round figures the reference to the A.C.A.C. seems unnecessary. The Army Dept. letter may be considered to the Direct Grand Commission of Assam
